### **Clinic Description:**

#### **Day 1: Horsemanship**

These classes are designed to help develop a stronger horse and rider partnership. The emphasis is on building the skills needed to advance the rider toward their goals, whether on a ranch, on the trail, or in the show ring. Riders of all levels and disciplines will benefit from Joe's insights and deep understanding of the horse-human connection.

#### **Day 2 & 3: Cow Working**

Cow working classes are for any rider wishing to start their horse on cattle, or to further advance a horse already working cattle. Riders learn about position, timing, pressure points and how to utilize their horsemanship skills to track, sort and cut cattle. The emphasis is on horse and rider teamwork, developing a horse that truly wants to work a cow and on using low-stress livestock handling techniques that pay off on the ranch and in the show ring.

#### **Day 2 & 3: Ranch Roping**

Joe, in concert with Bill Dorrance, is credited with starting the first ranch roping clinics over 25 years ago. He has a vast amount of knowledge and experience to share with riders who not only want to improve their skills with a rope but also want to further develop their horses for ranch work. Joe focuses on the shots and techniques needed for doctoring, branding and other day-to-day chores encountered on a working ranch. Students will have an opportunity to work in a herd and with other ropers to hone their cattle handling skills and advance their abilities to work as a part of a team.

#### **Cancellations:**

**Deposits are non-refundable.** If a rider or horse becomes unable to attend/complete the clinic, **no refund** will be given as the Ride/Clinic host or instructor cannot be responsible for unforeseen problems.

#### **Video & Audiotaping:**

You are welcome to take still pictures during the clinic. However, Videotaping is not allowed.

### **Horses:**

The State of California requires all horses entering the state to have a Negative Coggins within the last 12 months. This test takes some time, so if traveling from out of state, please plan ahead. Your horse should be healthy and in good shape – you will be in the saddle most of the day.

### **Horsekeeping:**

Please try to arrive before dark as it makes it easier to find your way around. The stalls are covered. If you need or want shavings they are available for purchase or you can bring your own. Bring a water bucket and your feed.

**You are responsible for cleaning your own stall daily and before you leave. If stalls are not clean upon departure you will be charged an additional \$25.00.**

### **Hay:**

If you need to purchase hay, the local feed store, Shasta Farm 530-347-5112 has good quality Hay.

### **Directions to Cottonwood Creek Equestrian Center**

Cottonwood is located between Redding & Red Bluff on Interstate 5. From I 5 Take Bowman Road exit. Go West on Bowman Rd. for 3 miles. Turn Right on Evergreen Road. Go 1 mile. We are on the right – Look for our sign out front- you can see the covered arena from the road. DO NOT follow your GPS – it takes you to our neighbors.

### **General Guidelines**

- Please drive **VERY SLOWLY (12 miles per hr.)** while on the property. Our neighbors appreciate dust control!
- No alcoholic beverages allowed on the premises. (drink responsibly)
- **NO SMOKING** allowed on the premises.
- No unattended children.
- **NO DOGS ALLOWED.** We know how much you love your canine companions, but we would ask that you please refrain from bringing them to the Clinic. We wish to minimize any risk to people or horses that could be caused by an untimely bark or even just the normal doggy scampering. Thank you for your consideration of the riders, **and their horses.**
- Please pick up after yourself and your horse. There are trash receptacles and wheel barrels for manure.
- Leave all gates the way that you find them.
- Smile

**BE READY TO LEARN A TON AND HAVE LOTS OF FUN !!!**
